

The Conglomerate

The Transnational Diversified Group of Companies (TDG) is a globally competitive and progressive business group of highly successful companies engaged in leading industries, established in 1976.

IT Outsourcing

TESI is TDG's ICT division established in 2001 and provides web & mobile services, SaaS products, training & certifications, and IT outsourcing.

At TESI IT Outsourcing, our partners can expect their requirements met through our commitment to deliver.

Dynamic Teams

We have hired roles such as technical support, cloud administrator, and cybersecurity support and analyst for our partners.

Teams are built in various verticals such as IT MSPs, cybersecurity, software development, and travel.
